

Batavia Activity & Athletic Foundation provides students in need with access to educational co-curricular and extra-curricular programs (for example, school sponsored clubs, athletics, music, theater) including activity fees, equipment, uniforms, supplies and transportation.

- Students must be under the age of 18 and enrolled in Batavia Public School District 101.
- Eligible families include those who meet poverty/income standards or who demonstrate an immediate need that currently exceeds the resource of the family.
- Students must have a desire to access co-curricular or extra-curricular activities that cannot be afforded.

When a need for a student is discovered, whether by the Batavia Public School District 101 community liaison, school social worker, teacher, school nurse, coach, director or other staff member, please complete the following application and return to [info@bataviaaaf.com](mailto:info@bataviaaaf.com).

Our board will convene briefly and respond to the request promptly. If approved we will issue a check to the school district for the fee or item of equipment or we will work with a vendor or service provider to provide payment for the fee, equipment or supplies. Funds will be dispersed at the Batavia Activity and Athletic Foundations Board of Director's discretion. If a student's need exceeds the amount we can provide, we may combine our funds with those of another community organization such as Boosters, Music Buffs, Parent/Teacher Organizations (PTO), BFEE or ChipIn.
